High Safety Standards and Global Reach

Your safety is our top priority.

All aircraft utilized in our membership programs are **ARGUS Gold** or **Platinum** rated and adhere to safety standards of the FAA requirements.

ARGUS GOLD indicates that aircraft meet or exceed minimum safety standards, and the operators have demonstrated commitment to safety and professionalism.

ARGUS PLATINUM is the highest certification level, requiring operators to meet all Gold requirements and pass a comprehensive on-site safety audit.

Both certifications ensure that the operators adhere to stringent safety practices, including pilot training, aircraft maintenance, and operational oversight. With access to our fleet of **4,000 aircraft**, you can effortlessly fly to over **2,000 airports worldwide**, ensuring unparalleled flexibility and accessibility.

FLYING WITH PETS ON A PRIVATE JET

PET POLICIES

Operators have specific pet policies and allow pets in the cabin.

DOCUMENTATION

Pets must have up-to-date vaccination records and health certificates; international flights may require additional paperwork.

SIZE & BREED RESTRICTIONS

No formal breed bans, but some size restrictions for larger dogs (50+ lbs.).

GROUND TRANSPORT & BOARDING

Avoid crowds and long lines with private terminals offering quick, pet-friendly boarding procedures.

IN THE AIR

Pets stay in the main cabin with you—never in cargo, never out of sight.

MEDICAL EVACUATION FLIGHTS ARE AVAILABLE ON PRIVATE JETS

Often referred to as air ambulances or medevac services, these are designed for urgent medical transport. These services are equipped with advanced medical equipment and staffed by experienced medical professionals, ensuring that patients receive continuous care during the flight. Private jets offer a fast, reliable, and secure solution for medical evacuations, especially in situations where commercial airports may experience delays.

EASE OF TRAVEL FOR LOVED ONES WITH MOBILITY ISSUES

Private jets provide a practical and comfortable solution for family members or friends with mobility challenges who find it difficult or impossible to travel on commercial flights.

Celebrating Exclusivity And Legacy

DREAM FLIGHTS ZETA PHI BETA JET CLUB

FREQUENTLY ASKED QUESTIONS

Can I use different size jets in other plans?

Yes! The purpose of the membership is to maximize your private jet experience by providing you with unlimited aircraft class upgrades & downgrades with flexibility of flying multiple aircraft simultaneously. Our quest is to

Why are the memberships a better option versus fractional programs or using a charter operator

Simply put, charter operators tend to be aircraft focused rather than client focused. When you work with a single charter operator you get whatever aircraft is "on the lot" rather than the best aircraft for each mission. Every time a charter operator flies one of their own jets, they profit approximately 10-15% more than if they source an aircraft from outside resources.
